

Below are times for the 2016 Butt Busta. Team times are to follow. Remember these times are aimed at your individual performance that only you can judge against. Competitors have the option of completing obstacles which will effect their run time. For instance one 12k athlete couldn't face the pond on the third occasion, next year he may and will be able to compare 2016 against 2017. Some started in waves with mates or entered 8km and only did 4km. So please do not stress out if someone finished in front of you. The main object is to have fun doing something different. Hope to see you next year. Any questions drop me an email at bobtrinz@hotmail.com
